

Thinking about **Automating Renewals and Recurring Revenue** through your channel partners but don't know where to start?

Your Renewal Rates may be satisfactory on the whole, yet you might find yourself in need of assistance in specific GEOs, countries, or with one or two Resellers or Distributors.

If the prospect of setting up an Automation Platform feels daunting, or if you're concerned about lacking the necessary IT resources to manage the task, Yagna's Renewal Cloud offers a comprehensive solution tailored to address these exact scenarios. Introducing:

Yagna Renewal Cloud Bundles

A Yagna Customer Success Manager works directly with your Distributor to Set Up the incoming data from your existing sources (Email/API/CSV/etc) and creates a custom, personalized renewal notification to every Reseller. Yagna will then work with the Top Resellers to create custom, personalized notifications and quotes for each of their customers who can purchase their renewals directly with the automation or transact in their preferred manner.

Contact Yagna Now to schedule a demonstration or to set up Renewal Cloud in just a few days with your favorite distributor and/or reseller partners.

See how to use automation to proactively send notifications and quotes to your resellers and customers and increase your renewal rates by 10-20 percentage points or more in only one quarter's time.
